

We created Retreads because we were tired of all the waste and materials from used footwear. We believed that we could help take care of the planet, while also taking care of feet!

*"I LOVE my new shoes! And I feel great knowing they're from recycled stuff. Looks good, feels better!" Jennifer K.*

If you feel the same, try us out for 30 days. If you don't like the shoes, send them back for a full refund - guaranteed!
